

Product Data And Specifications

Bronze Rotaframe Butterfly Sprinkler

Made from hard wearing bronze, with a stainless steel spinner pin to ensure a longer life, and a rotating frame that eliminates bare spots that can occur on the outer edges of a water pattern, the Bronze Rotaframe Butterfly Sprinklers are ideal for either commercial or domestic use.

- ½" Fi BSP or ¾" Fi BSP inlet sizes available
- Spare parts available
- Tested at 200kPa (30 psi)
- Discharge 17 lpm
- Coverage diameter of 9 meters

Product Models	Code
