

Product Data And Specifications

Syphon Pump

Manufactured from high quality corrosion resistant marine grade cast aluminium, the pump is designed to pump water from a creek, river, well, dam, or tank with a windmill. This aluminium chamber acts as a reservoir, holding water to feed the brass Flush Cap Pump, which is mounted within the chamber.

- Easy servicing as all components are above ground
- Standard flush cap pump
- Available in 7 sizes
 - 2"
 - 2-¼"
 - 2-½"
 - 2-¾"
 - 3"
 - 3-½"
 - 4"x
- 8" or 12" stroke lengths available

Product Model	Code
2" x 8" Stroke	YSP200X08
2" x 12" Stroke	YSP200X12
2-¼" x 8" Stroke	YSP225X08
2-¼" x 12" Stroke	YSP225X12
2-½" x 8" Stroke	YSP250X08
2-½" x 12" Stroke	YSP250X12
2-¾" x 8" Stroke	YSP275X08
2-¾" x 12" Stroke	YSP275X12
3" x 8" Stroke	YSP300X08
3" x 12" Stroke	YSP300X12
3-½" x 8" Stroke	YSP350X08
3-½" x 12" Stroke	YSP350X12
4" x 10"	YSP400X10
